No place but Texas could you participate in the FW Stockyard Run and a week later be in the Mardi Gras Parade – Nocona Style. There is no lack of opportunity to be an involved member of LSCC. Check out the events calendar at www.lonestarcorvetteclub.com.

The **Lone Star Corvette Classic** is our annual three-day event held May 20-22. You may hear it referred to as the "The Classic". Activities are held at the Texas Motor Speedway and the Marriott Hotel on Champions Way. The events offer a side trip, autocross, non-judged and judged car shows, a challenging road course, and laps on the oval at TMS. Dinners are on Friday and Saturday nights. Friday night will feature movie shown on the Big Hoss screen at TMS. The purpose of the Lone Star Corvette Classic is to raise funds for three charities, the Speedway Children's Charity, the National Corvette Museum, and a rotating charity selected by the membership. Last month six charities were presented as nominees for our Rotating Charity – YMCA Camp Grady Spruce, Minnie's Food Pantry, Assistance League of Greater Collin County, Texas Sporting Breed Rescue, Heroes on the Water, and North Texas Bassett Hound Rescue. Descriptive articles are presented herein. The Rotating Charity will be voted on at the March meeting at Classic Chevrolet.

Registration is open on our website for the **Lone Star Corvette Classic**. There you may select your activities. Volunteers are essential to the success of the **Lone Star Corvette Classic**. On the registration page, there is a link for volunteer sign up. A brief job description is provided for each activity. If you have questions, contact John Raiden, Classic Officer at catmanjmr@aol.com.

The Dallas New Car Show at the Dallas Convention Center, March 16-20 has 14 cars registered; however volunteers are still needed. The show is at the Dallas Convention Center. Time slots are shown on the registration tab.

Thanks to our outstanding sponsors, Classic Chevrolet and The Thompson Group.

Good Friends, Great Cars

2ND GEAR

GH Hodges, LSCC Vice-President

So, you're relatively new to LSCC, and you keep hearing people use the term **Classic**. People encouraging you to buy your next Corvette from **Classic**, and then the same people encourage you to be a **Classic** volunteer. To clarify, LSCC has two distinct **Classics**, both exceptional at what they do. Many of us unintentionally contribute to that confusion, so allow me to explain.

First, we have **Classic Chevrolet and the Classic Thompson Group**, which is our Club's major sponsor. This **Classic** provides substantial resources that enable LSCC to offer our many activities. Twice every year they also provide us a fantastic venue for our monthly meeting, along with a complimentary lunch. The upcoming March 5th meeting is one of those meetings. They also, as many members will attest, offer members very attractive deals on new car purchases.

Secondly, we have the remarkable **Lone Star Corvette Classic**. Many of us are guilty of often referring to it simply as *The Classic*. This three-day, world-class event in May is the primary source of money for LSCC charities each year. In 2015, the **Lone Star Corvette Classic** generated over \$33,000 for our Club to support a variety of charitable organizations. This is the **Classic** that exists only because members like you are generous with their time and talents to make this major event a success.

If you haven't yet volunteered for this year's **Lone Star Corvette Classic**, or if you haven't yet registered to attend, please go to our website to explore the volunteer possibilities and register to participate in the fun.

March Meeting: March 5th, is a week earlier than normal, and is at **Classic Chevrolet**.

April Meeting: April 9th, is on the South side of the Metroplex at **Fat Daddy's**.

Great Cars and Good Friends.

Thank you to Classic Chevrolet and The Thompson Group for being our sponsors.

NCM News

This month we have some news so new it has not been made public, some old news and new news about Corvette colors and finally a reminder about the Museum's biggest event of the year.

Corvette Assembly Plant Tours

At the request of the Corvette assembly plant, the National Corvette Museum will take over all plant tours, including the general public tours. Implementation will be very soon, but an exact date has not been set.

The NCM will be using their new Altru system for booking and scheduling tours. Visitors will be able to sign up on the Museum website, purchase tickets at admissions at the NCM or at the plant, if available.

The folks at the Museum are excited to take on this new opportunity, and plant officials are happy to focus on building Corvettes and letting the NCM handle the tourism side for them. Speaking of building Corvettes...

Cancelled 2016 Colors Up To Four

Chevrolet has already ceased production of two 2016 colors, and now two more are going to bite the dust.

The last Night Race Blue rolled off the assembly lines in Bowling Green on January 7, a Z06 Coupe for export. This is to be followed by the last Daytona Sunrise Orange Metallic, which was rolled off the line on Monday, February 15th - a Stingray Z51 Coupe.

Next to leave the color line-up for 2016 are Shark Gray and Laguna Blue. Shark Gray is slated to phase out in May and the last day to order it will be April 15. Laguna Blue will be phased out with the end of the 2016 model year. The last day to order it is April 28.

It is not unusual for Corvette to drop low volume colors, even after only one year. However, Shark Gray was the third most popular color in 2015 which makes its demise puzzling. Also, it is certainly a rarity for four colors to be dropped in a single model year.

Chevrolet has not yet said what prompted the particular colors to get the ax, nor have they announced the 2017 model-year line up, but you can bet there will be samples of any newbies at the Michelin NCM Bash April 28-30. If you haven't registered yet, you can do so online at www.corvettemuseum.org/event/michelin-ncm-bash/.

Speaking of the bash...

Michelin NCM Bash

Kickoff of the NCM on site event season - Bash traditionally marks the roll out of the next model year Corvette; the place where you can see them up close and in detail. Bash 2016 will provide enthusiasts the chance to see the new 2017 Corvette Stingray up close as well as getting all the latest information about the all new 7th Generation Corvette. Seminars will feature speakers discussing 'What's new in the 2017 model year', the award winning body structure, as well as using your 7th generation navigation system. As in past years there will be a large contingent of GM engineers and designers from Warren Tech Center, Milford Proving Grounds and the Bowling Green Assembly Plant, ready to answer your every question. Also back to the Bash is our LT4 building demonstration by BGAP Rob Nichols and Brian Lee.

Returning activities include a seminar and classroom sessions by GM certified Corvette Technicians Paul Kerner & Brittany George. Enjoy some guided road tours, two celebrity choice award shows, the Ladies' Oasis, and the expanded Garage Party with women of the GM Corvette Team. The ladies will cover all aspects of Corvettes including maintenance, engineering and even high performance driving. Some returning activities include golf with GM Team.

On-line registration closes at 8:00 a.m. Central Time on Wednesday, April 13. All activities are open to Event Registrants only. On-line registrants will receive a hardcard credential, lanyard, event pin and dash plaque. Lifetime registration is \$15 per person, member registration is \$20 per person and non-member registration is \$30 per person.

For more information, and to register go to: www.corvettemuseum.org/event/michelin-ncm-bash/.

For FREE NCM memberships, or anything else NCM, please contact Johnny Downs, 214/384-8565, 903/564-3069 or ediewoww@aol.com.

Competitive Events

Dennis Corder, Competitive Events Officer

Our **Autocross** contract with Brookhaven College for this next year has been signed. Check out the monthly event dates on the Club website. Come on out for the first one on March 19th. It will be a good time to get loosened up for the season and for our LSCC Classic. The fee is \$15 per car. Helmets are required but loaners are available.

Drag Racing, Sunday, March 6, at 8:00 AM is the first contest of the year at North Star Dragway - Located on the west side I-35 just north of Denton. I know that Allen Kaus is looking for some fresh blood to join the 1320 group!

Open Road Racers, Big Bend is coming up April 20-23 and although registration is full, you can find more information here (<http://www.bbrr.com/index.html>) or contact Mike Black at OpenRoadRacing@LoneStarCorvetteClub.com. This is not the only open road race that the group goes to during the year. Please check the web site for other events and times.

Rally, the club does not sponsor rallies at this time but I will tell you about the SCCA group that will be holding the "Spaghetti Western Rally" on Saturday, March 26. This will be in the Nacona, Texas area. These are mostly 'gimmick' type rallies. You stay on course on normal city streets and answer questions. This rally is different in that you may have to arrive at a check point on time. Bring a stopwatch (there's an APP for that!) Watch (<http://www.texascca.org/rallytime>) for more information on this event and I will post on the bottom of our rally page when I have more information.

HPDE, talk to Mike Krieger. This is **NOT RACING**. You drive at your own pace; instructors will not force you into an uncomfortable situation. This is performance driving education that will help you in your everyday driving and/or the next spirited drive you take down a canyon road.

Apex Driving Academy will be at Motorsport Ranch on April 9th. Registration opens on February 17. Register at <http://www.motorsportreg.com/calendar?q=cresson>

The Driver's Edge will be at Motorsport Ranch in Cresson on June 4-5. Registration opens April 4 at 9AM. Register at www.thedriversedge.net

These fill up fast. This should be another top item to place on your bucket list!

RoadTrips

Phil Davies, Out-of-Town Events Coordinator

2016 Mid-America Road Trip

This year's big trip will leave Saturday, July 30th, and return Wednesday, August 10th. In the interest of controlling space in the monthly newsletter, I am highlighting a few of the trip's points of interest each month. Refer to the December and January newsletters for previous trip highlights.

The trip is continuing to come together and I am now working through outlining the trip routing and itinerary. For those just starting to hear about the trip, we will be heading north to Michigan and Wisconsin to the Road America racetrack located in Elkhart Lake, WI.

Although the Road America Race in Elkhart Lake, WI may be the ultimate destination of the trip, we plan to see a lot of cool things along the way:

- Indianapolis Motor Speedway
- Auburn Cord Duesenberg Automobile Museum
- Tour the General Motors Heritage Center
- Tour Pratt & Miller (produces C7R racing engines)
- Bronner's Christmas Wonderland is the world's largest Christmas store
- Traverse City – While known for being the largest producer of tart cherries, this cute town located on Grand Traverse Bay offers tons of shopping, restaurants and cool weather
- Explore Leelanau Peninsula

Sleeping Bear Dunes is as old as continental ice sheets. The most prominent features, and those for which the park is named, are the dunes perched above Lake Michigan. These immense sand dunes are "perched" atop the already towering headlands that are glacial moraines. The dune overlooks at the Sleeping Bear, Empire and Pyramid Point bluffs are about 400 feet above Lake Michigan. For those who want to exert a little energy, the Dune Climb offers plenty of pure, wind-blown sand for your climbing pleasure. (See photo below)

Leelanau Wine Trail with cool-climate is home to 24 wineries located within diverse microclimates uniquely suited for a variety of wine grapes. Among the internationally acclaimed varietals are Riesling, Pinot Grigio, Chardonnay, Pinot Noir and Cabernet Franc.

Old Mission & Leelanau Wineries

State Hwy "M-119", the famed "Tunnel of Trees" is named for the hardwoods and evergreens that crowd up to the edge of the road, their crowns knit into a comforting ceiling over motorists and bicyclists. But this isn't like a tunnel through a mountain, where the view is basically the inside of a cave. M-119 hugs the eastern shoreline of Lake Michigan through a dense forest. On one side you get glimpses of old summer cabin homes tucked back in the forest and on the other side you get brief glimpses of the Lake Michigan shoreline. This is a very narrow and twisty road that runs through the dense forest of trees and is literally one of those roads that you always see photos in travel magazines that make you crave to drive down. You look ahead of you down the narrow tunnel of trees road and cannot help but wonder what will be around the next curve; it is the road that you always kind of dream of finding when driving a Corvette.

Visit to Mackinac Island (no cars allowed)

<http://www.mackinacisland.org>

Mackinac Island is an island and resort area, covering 3.8 square miles in land area. It is located in [Lake Huron](#), at the eastern end of the [Straits of Mackinac](#), between the state's [Upper](#) and [Lower Peninsulas](#). The island was home to an [Odawa](#) settlement before European exploration began in the 17th century. It served a strategic position as a center on the commerce of the [Great Lakes fur trade](#). This led to the establishment of [Fort Mackinac](#) on the island by the [British](#) during the [American Revolutionary War](#). It was the site of two battles during the [War of 1812](#).

In the late 19th century, Mackinac Island became a popular tourist attraction and [summer colony](#). Much of the island has undergone extensive historical preservation and restoration; as a result, the entire island is listed as a [National Historic Landmark](#). It is well known for its numerous cultural events; its wide variety of architectural styles, including the famous [Victorian Grand Hotel](#); its [fudge](#); and its ban on almost all motor vehicles. More than 80 percent of the island is preserved as [Mackinac Island State Park](#).

- Hold our breath over the famous Mackinaw Bridge aka The Mighty Mac
- Traverse down through Wisconsin and visit Camp Anokijig (one of the C7R Racing team members is heavily involved in this boy's camp; we have a list of needed items and a great start on our LSCC donation)
- Participate in Road America Corvette Paddock and of course cheer on the C7R teams
- Shop at Mid-America store in Effingham, IL on our way back home so leave room in the trunk

For those who are newer to the Club, road trips are the one of the best opportunities to meet members and make new friends. As always, this will be a hop-in, hop-off trip, meaning, if you have friends or family along the way, by all means stop and visit and then catch up with the group when you can. The LSCC calendar is updated so we hope you sign up for the trip. We will share more details with those who sign up, especially the hotels to contact. We look forward to having you along!!

YMCA CAMP GRADY SPRUCE

Camp Grady Spruce is a co-ed overnight camp for kids age 6-16 located just 120 miles west of Dallas on the beautiful Possum Kingdom Lake shoreline. Set on over 860 acres of land, it is the perfect environment for kids to retreat, explore nature, and build a lifetime of memories.

We offer day and overnight summer camps, year-round family and group camping and outdoor environmental education. Providing adventures for physical, mental, spiritual and social growth since 1949.

YMCA Camp Grady Spruce is a place where one finds fel-

lowship with God, His creation and each other. We believe all children deserve to experience the community discovered at Camp. All are welcome; even when finances present a challenge. It is because of the generous community support that our mission can be carried out.

New adventures such as riding a horse, shooting an arrow or just being outdoors with a group of new friends offers opportunities for youth to develop 21st Century skills of leadership, critical thinking, problem solving, and resilience. The intense week of relationship building equips campers with tested skill sets they take into their future and provides a sense of community for a lifetime.

For some of our campers, this experience is the first time they feel what it means to be respected. For a few, this will be the first time an expectation of personal responsibility will be required for successful peer camaraderie. All will learn, grow and be better for their week at Camp.

Your prayerful consideration is appreciated. Financial contributions made to YMCA Camp Grady Spruce provide a direct investment in the life of a youth attending this campsite. Gifts can be sent payable to Camp Grady Spruce at 9409 Garland Rd, Ste 200 Dallas, TX 75218 or online through our website at CampGradySpruce.org.

North Texas Basset Hound Rescue is organized for the following purposes:

1. Prevent cruelty to animals, specifically basset hounds;
2. Support animal welfare by locating and retrieving homeless, unwanted and/or mistreated basset hounds;
3. Provide necessary funding for medical care, spaying and neutering, for unwanted and/or mistreated basset hounds; and
4. Place homeless, unwanted, and or mistreated canine basset hounds in permanent, loving homes.

The general area of rescue is the Fort Worth and Dallas area, but we also cover many shelters in North Texas from Abilene to Waco, Longview to the Oklahoma border. All animals are given medical care including spay/neuter, heartworm treatment, dental care and micro-chipping. Providing information on spay/neuter programs, micro-chipping, and participating in responsible pet ownership events lets us achieve

our goals of rescuing Basset Hounds and serving the community. Rescue volunteers receive no compensation for their countless hours and transportation costs. NTBHR is very fortunate to have several veterinarians who provide excellent treatment at a reduced rate. The rewards of a rescue volunteer come from knowing that a basset is getting a second chance and from a slobbery lick and a wagging tail.

North Texas Basset Hound Rescue (NTBHR) rescued and rehomed 99 Basset Hounds in 2015 at an expense of \$800/dog. We rarely kennel our dogs. Most are fostered so we can evaluate them and make a good match with an applicant. We have 20-25 active fosters, but we always need more. We also have 10-15 volunteers performing other needs associated with the rescue. We host two fundraisers each year:

Bone Soiree: live and silent auction with plated dinner (April 30, 2016 at Lewisville Convention Center).

Basset Hound Shuffle: Outside Park for games, events, contests (longest ears, weenie toss, etc.) raffle, demonstrations, lunch for humans and hounds! (Oct. 22, 2016 at Leon Hogg Amphitheater, Euless)

We host several meet/greet events for potential adopters and for the general public. We receive invitations to join other groups at an event such as a book signing. Maybe someday we can have a "Vette and Hound day event" putting fancy cars with sweet and funny bassets!

Please review these charities that have been nominated to be the LSCC Rotating Charity for 2016. All nominees are 501-c3 organizations. You can cast your secret ballot for your choice at the March Club meeting.

Assistance League of Greater Collin County has been a steady presence in Collin County since 1996. In 1997, National Assistance League® selected Operation School Bell® as a national program for each chapter to implement in their community.

Assistance League of Greater Collin County embraces the following values:

- **Commitment – Compassionate and caring service**
- **Leadership – Professionalism that is visionary, ethical and sensitive**
- **Accountability – Fiscal responsibility**
- **Respect – Fair and equitable treatment for those we serve**
- **Ethics – Integrity and authenticity in communications and actions.**

Assistance League of Greater Collin County is a 501(c)(3) nonprofit, nonpolitical, nonsectarian charitable organization whose goal is assisting people in our community. The chapter is the 103rd chapter nationally and over 25,000+ members, including 2,600+ Assisteens® of National Assistance League®.

Nationally, the chapters return \$38 million to local communities, in 2012-2013, touching 1.5 million children, seniors and families to whom volunteers have given 2.8 million hours of service.

This chapter has no paid staff, and all members volunteer their time to perform philanthropic and fundraising work. The chapter exists for the sole purpose of providing philanthropic services to meet the challenges posed by a diverse array of individual and community needs.

Currently, 65 members develop, fund and participate in programs that provide new school clothing for elementary school children in need, organize activities for senior citizens, donate and distribute reading materials to patients and families at local hospitals, and support grieving parents.

Our main focus is Operation School Bell, which in 2015 supplied new clothing to approximately 1,700 children in need.

It all started with a dream that we could see a no kill society in our lifetime, and that one of the biggest hunting and outdoor enthusiast's states in the US would embrace its Sporting Breeds and support our efforts in saving them. Driven by these hopes and founded by a group of dedicated volunteers we set out on the "Mission" of Texas Sporting Breed Rescue (TSBR).

To provide for the welfare, shelter and adoption of lost, abandoned, neglected, or homeless dogs and puppies, specifically; The American Kennel Club (AKC) 29 defined sporting group breeds - Retrievers, Setters, Pointers, Spaniels, Vizlas, Weimaraners, and Spinone Italianos; to promote the responsible care of companion animals, to actively promote spaying and neutering as the most humane means of animal control; to support heartworm education and treatment; and to provide training and education to the public related to topics such as: animal welfare, responsible dog ownership and breed information.

TSBR is a young organization; founded in early 2011 to address the continued shortage of rescue organizations available in Texas to support the 28 AKC designated Sporting Breeds. We have carefully chosen a group of highly

experienced, animal welfare driven, fiscally responsible; community based volunteers to lead our organization, and to help bring our mission statement into fruition. Our leadership is comprised of both a board of directors as well as a critical advisory committee, bringing together the experience and expertise of Veterinarians, Corporate CFOs, Accountants, Lawyers, Dog Trainers, as well as representatives from the sporting community.

As rescuers, we have diligently supported our local shelters and their volunteers in the rescue and re-homing of many animals, and our commitment is to continue this aide to the animals in our communities. Being rescuers of sporting breed dogs, we have the unique challenge of assisting with the re-homing of several of the top breeds in the United States, including Pointers, Labrador, and Golden Retrievers.

Anyone that has owned or worked with this group of dogs knows that these dogs make a difference in the lives of those that love them, work with them, work for them, and depend on them. We sincerely hope to return that favor to them! We care about the dogs, the communities we serve, and the people whose lives we touch. Help us make a difference!

For those who enjoy it, there is nothing better than a day of fishing and relaxing - connecting with the outdoors and enjoying the company of like-minded friends. For our nation's warriors and their families, it's more than an enjoyable day. It's a rehabilitative, sometimes life-saving, event. Heroes on the Water provide free, therapeutic kayak fishing to our veterans and active military and their families because we understand the impact. A recent 18 month study confirmed the impact the program has on our veterans. Our heroes experienced 56% less stress than before participating in these outdoor therapeutic outings. Many of the individuals who had experienced intense trauma from their service were only able to get a couple of hours of sleep in a given night. Sleep is essential to every individual's overall health. These nightmares and

re-experiences prevented our warriors from sleeping decreased by 60%. Now, instead of less than 2 hours of sleep a night, they were getting 5 or more. Can you imagine the sense of relief these brave men and women must feel after such drastic and remarkable physical changes? We also saw a 63% drop in avoidance from their family and comrades. They not only reconnected with themselves, but also with those who care about them.

Wife quote:

"Heroes on the Water gave my husband an opportunity to get out of the house and once again feel comfortable socializing and make friends with similar interests. That day was the first time I had seen my husband in a new light. He was smiling, socializing and talked about his experience the whole way home."

Veteran quote:

"Every time I'm on the water in my kayak, it transcends me into a state of mind that makes me feel relaxed and comfortable. It transcends me to a better place. I forget about all the things that I've seen."

LONE STAR CORVETTE CLASSIC 2016

May 20 - 22 , 2016

The 27th Annual Lone Star Corvette Classic is an amazing 3-day event where participants have the opportunity to spend time with hundreds of other Corvette owners from a multi-state area as well as have time to take their own car on the NASCAR track at Texas Motor Speedway (TMS). Our venue is unique among car shows as we not only have access to a world class racing facility at TMS, but we also have a variety of activities spread over the 3-day period that offer opportunities beyond just a car show.

FRIDAY, May 20: Autocross is very popular for those who want to test the speed and timing of their cars on a tightly marked course; **U.S. Bureau of Engraving and Printing Tour** provides an opportunity to take a drive in the country and a tour of the facility where our paper money is printed. Sorry no samples; **Dinner & Drive-In Movie** allows participants to take a police escorted short road trip thru the country following dinner then back to TMS for a movie on "Big Hoss".

SATURDAY, May 21: Judged Shows for Members and Non-Members are available for those wishing to show off and hopefully be rewarded for all their hard work in "tweaking" their cars to their best; **Show and Shine Shows** for both Members and Non-Members are available for those who just enjoy showing off their cars, but don't want the stress of detailing for a judged event; **Banquet, Live Auction & Awards Ceremony** allows participants a time to relax, enjoy a good dinner with old and new friends and bid on interesting auction items with the goal of raising money for charity. The awards ceremony is an opportunity to be publically recognized for the hard work in preparing a car for the show;.

SUNDAY, May 22: Track Day offers the opportunity to do **Hot Laps** on the TMS NASCAR track in a controlled environment as well participate in laps on the **TMS Infield Course**, also in a controlled environment. The infield course offers a "Mild" group that offers lead-follow laps with drivers from Total Driving Experience guiding the way around the course. There is also a "Wild" group for those with more experience who want to go at their own pace and experience a bit more speed and the ability to pass while on the course.

While the Lone Star Corvette Classic offers many interesting, fun and challenging opportunities for those participating, our greater goal and reward is that all of the net auction proceeds go to our charities. Annually, we support the National Corvette Museum and Speedway Children's Charity as well as a 3rd rotating group that the club members select. The 2015 rotating charity was Defender's of Freedom a group supporting our veterans. The 2016 rotating charity will be selected in March. Our total Lone Star Corvette Classic donation in 2015 was \$25,000.00.

Your help is needed!

Shows, events, road trips and the Lone Star Corvette Classic are great opportunities to make new friends and find your niche in our Club.

All it takes is a willingness to raise your hand and say I'll help do it. The work is not only rewarding, but it is a lot of fun, and I guarantee, you will make some of the best friends you'll ever have.

Dallas Autorama

by Linda Shellberg

LSCC Members love the classic Corvettes, and Dallas Autorama attendees are no different. At this year's 56th Annual show, Coordinator Robert Shellberg featured C1, C2, and C3s in the Club display, which grabbed a lot of attention. From a 1958 to a 1982, the public enjoyed seeing America's Sports Car as it has evolved over the first 25 years.

February 19 - 21 saw thousands of Metroplex car lovers turn out for the Autorama, an International Show Car Association event. Lone Star Corvette Club was invited to display 6 cars, and the Club Members who volunteered came away with many awards for their efforts.

Showing their cars and receiving awards were:

Martha Kaus	1981 White Coupe	1 st Place
Robert Shellberg	1982 White Coupe	2 nd Place
John Main	1965 Red Coupe	2 nd Place
Rick Herrick	1964 Red Conv	Outstanding in Class
Bob Young	1958 White Conv	Outstanding in Class
Charlie Marks	1961 Beige Conv	Outstanding in Class

Other LSCC Members with individual entries were:

Jimmy O'Neal	1965 Red Coupe	3 rd Place
Ron Akin	1967 Green Coupe	2 nd Place

A huge thank you goes to the volunteers who helped set up and tear down the display, greet the public, and watch the cars during the Awards program: Carolyn Atkins, Ric Atkins, Tony Pittman, John Raiden, and Martha's daughter, Kelly.

Another special thanks to Winona Spinks, who created the signage for the Club Display. We've relied on Winona for almost a decade to provide signage, and she never fails us.

Good friends, Great Cars. Thanks to all the LSCC Autorama participants and volunteers who exemplified this growing tradition.

Mardi Gras Nocona Style

February 6, 2016
By Markham Jones

Another great turn out and wonderful day with 57 registered members and 27 Corvettes scheduled to participate in the Feb 6th Mardi Gras Nocona Style Parade.

The day started out in Denton at the Horny Toad Cafe as our first staging area for the run to Muenster. In Muenster, we stopped for brunch at Rohmer's and a bit of shopping at Fischer's around the corner. We then set off for the short remaining run to Nocona in order to stage for the parade through downtown from the Middle School. On the way through Saint Jo a dog rescue was made on the square and before we reached the staging area in Nocona - a new bed, brush, food and a lot of love was provided.

To finish off the day, some of us dropped by the Blue Ostrich Winery to listen to live music, take a tour of their tasting room and sample their offerings, watch a balloon glow and of course the sunset.

No road trip is complete without a last minute unplanned stop in Lindsey at Dieter Brothers for dinner on the way home with the last 14 club members still hanging around together!

CLASSIC AUCTION: HOW YOU CAN HELP

Linda Shellberg, Auction Coordinator

How can I help? I hear that all the time from LSCC members, especially when we're talking about raising money for our beneficiaries. We all want to do our part, and one of the best ways to do that is to come up with items to auction off at the Lone Star Corvette Classic.

The Classic is an annual 3-day Event held each May at Texas Motor Speedway. The Classic Auction now generates around \$25K, which is split 40% to Speedway Children's Charities, 40% to The National Corvette Museum, and 20% to our Rotating Charity.

Here's some items that sell very well in the Silent Auction:

- Toiletries, makeup, and perfume baskets
- Car cleaning supply baskets
- Wine baskets
- Corvette-related jewelry
- Framed Corvette-related prints, posters and photographs
- "Man-Cave" or Garage items
- Corvette and car-related books and paperbacks
- New or gently-used after-market Corvette accessories
- Corvette-related luggage, bags, purses, billfolds
- Restaurant gift certificates
- Hand-made craft items
- Diecasts and hot wheels

For the Live Auction, these bring big money:

- Items with celebrity autographs, especially Corvette-related
- Tours and tickets to exclusive places (charter plane tours)
- Hotel gift certificates
- Rare or high-end jewelry
- Rare Corvette memorabilia (book signed by Ed Cole, for example)
- Certificates for wheels, exhausts, headers
- Hand-made quilts

What you can do:

- Ask the people you do business with for donations
- At the Club Meetings, if you win something in the RAFFLE you already have, donate it to the Auction
- Ask the restaurant where you eat regularly to donate a gift certificate
- When you're at a yard sale, garage sale or craft fair, pick up inexpensive items that can be grouped into gift baskets

You can bring your items with you to the monthly Club meetings; if you have a large item, let me know ahead of time – lrbag@aol.com. We need everything no later than the Club Meeting in May. Let's get busy!
