NEXT MEETING

Saturday, June 3, 2017

Start Time is 11:30 am

[3613 Shire Blvd](#)
[Richardson, TX 75082](#)

The 28th annual Classic is in the books and what a weekend it was! The weather forecasters promised rain, hail, and tornados. Kai Spande, Manager of the Corvette plant and guest speaker, drove his Z06 from Bowling Green after his flight was cancelled. Talk about commitment! Kai also is one of our newest members. Fortunately, few participants cancelled – my heartfelt thank you to all participants. When hail threatened on Thursday, Dave Packebush, manager of Texas Motor Speedway, opened the infield garage for those who wanted cover. It wasn't just any garage – it was the Cup car garage, how cool. Rain and wind occurred during the night but autocross started on time on Friday. The cruise to Circle R Ranch was threatened by storms but about 100 cars joined the caravan and rains held off until all had returned.

About 250 cars participated in the car show on Saturday that included a special display by Viet Nam era veterans. Saturday was highlighted by the National Anthem and presentation of the colors by members of the Frisco VFW Chapter. Our newest class award was for Battery Powered Corvette and won by 4 year old Kase Josey, grandson of Kim Josey. After Kase completed his detailing task, he joined the parade of golf carts on the concourse. He probably had the most fun of anyone.

The live auction set a new record, exceeding the prior record by \$125. Big items included an autographed guitar donated by LSCC member and NCM Director Lon Helton, autographed professional grade photography from GH Hodges, and a 12 gauge shotgun engraved with the Corvette logo donated by Carl Walker.

Rain delayed those wanting to drive the oval but the infield course was running on time! Folks ran until most had their fill.

Much fun was had by all participants! We received thanks from people from all over. They plan to return next year and bring more members! My thanks to all who volunteered, donated auction items, and participated in this unique event. Thanks also to our sponsors and vendors!

Thanks to our Sponsors

Good Friends, Great Cars - See you on the road!

We were less than a week out from the **28th Annual LSCC Corvette Classic at Texas Motor Speedway**, and we were anxiously counting down the days and comparing them to the increasing chances of rain predicted to be 90% for the weekend. Mother nature must be a Corvette fan, because she limited her fury to the nighttime, and she let the games go on. More likely, she must be a fan of the three worthy charities that the Corvette Classic supports.

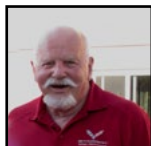

No doubt the weather was a concern for volunteers and participants alike. But, the participants came by the hundreds, and everyone enjoyed the near flawless execution of the plan executed by the LSCC team. Giant Kudos go to **Joe and Gail Carrion** for their patience, the flexibility, and the persistence to organize and executing one of the best Classics ever. Corvette lovers from across the nation gathered to participate in autocross, road course, oval track, car shows, banquet night, a caravan night punctuated with a delicious ranch BBQ, the Hot Wheels competition for the young and young at heart, and the golf cart derby for the most courageous of blindfolded drivers.

I keep reminding myself that it isn't LSCC that puts on this three day Corvette extravaganza, but rather it's the **member volunteers** that make all this happen. It's the scores of volunteers that greet the sun while dutifully executing their pre-dawn assignments in preparation for the day. It's scores of volunteers that brave the heat and elements as the fun continues, followed by the volunteers that work in the evenings and behind the scenes.

Is it hard work? Yep! But, my bet is that every person that volunteered takes satisfaction in generating contributions for our charities. And, without a doubt, volunteering is the best way to get to know your fellow members.

*Thank you to Classic Chevrolet
and the Classic Thompson Group
for being our sponsor.*

If you would like to help in any of the above areas or have ideas relating to that area, please contact the designated coordinator.

The last month, or so, has been a time full of action involving the National Corvette Museum with LSCC.

Membership

In April, Ken "Tweety" and Diane Berg made the step up to Lifetime Membership in the NCM.

Then in May Yvonne and Patrick Hearn became Family members. Also in May, Patricia Ogersby and Bob Stewart became Individual members.

Thank you from the Museum to all these folks.

Lone Star Corvette Classic

The NCM is very grateful to be one of the recipients of funds raised at the Classic. To aid LSCC, people from the Museum help with the Classic in a number of ways.

Stephanie Morrill, Madison Morrill and Adam Boca represented the NCM and brought with them several auction items.

National Corvette Museum Insurance, represented by Adam Boca, sponsored the Friday Kick Up Your Heels BBQ dinner.

Kai Spande, NCM Board member who also happens to be Corvette Assembly Plant Manager, donated his weekend to the Classic. Kai's flight here was cancelled, so he drove from Bowling Green to be with us. The drive was not too bad, as he made it in a 2018 Z06. Kai spent Friday and Saturday visiting with many, many Classic attendees. Then, Saturday evening he delivered a great, humor filled presentation on changes at the assembly plant and Whoop Ass Beer (you had to be there).

Finally, Lon Helton, NCM Board Member, and his wife Anne had hoped to attend the Classic. They were unable to make it, but sent LSCC a guitar signed by the Who's Who of country music. It fetched an amazing \$4,000 for the Classic's beneficiaries.

Important 2018 Corvette production Dates

This information is on our club's website, but I will repeat it here, in case you missed it.

- Begins June 5th.
- Ceases temporarily July 28th.
- Last day to order car for build before July 28th is July 12th.
- Plant will be closed 13 weeks for assembly line renovation.
- Plant tours will cease June 16 for 12 to 18 months.

The 2018 Corvette model year will end on Friday, June 2nd. 2018 Corvette production starts up on the following Monday, June 5.

'Assembly plant tours will cease June 16th. Production of the 2018 Corvettes will continue through June and July and will come to a stop on July 28th.

The Bowling Green assembly plant closes for three months as upgrades to the plant are performed. The plant's closure is expected to run August, September, and October, 2018. Corvette production will resume from where it left off on November 1st.

GM Supplier Discount Update

Last month I reported about the introduction on GM Supplier Discounts for NCM members. At the Classic, I spoke with Chad Brownlow, a member of the Wichita County Corvette Association. He reported that with the discount he saved \$1,300 on a new Chevy truck. For more details see the Corvette Museum article in the May newsletter.

If you are not a member of the National Corvette Museum, you can join for as little as \$37.50 for an individual or \$75.00 for a family. For membership or anything NCM please contact Johnny Downs, 214/384-8565, 903/564-3069 or ediewoww@aol.com.

Competitive Events

Dennis Corder, Competitive Events Officer

Autocross events are held at Brookhaven College. The next ones are on June 17th then July 15th. Speeds in Autocross are slower, in absolute terms, when compared to other forms of racing but the activity level, measured in discrete turns per minute, can be higher than even Formula One due to the large number of elements packed into each course. The donation is \$15 per car. Helmets are required but loaners are available.

Congratulation to Gary Swan for fastest time of day at the Classic autocross.

Drag Racing, is scheduled for Sunday, June 4th at Texas Motorplex in Ennis, then on June 11th at North Star Dragway in Denton. Contact Allen Kaus at 972-467-0271 if you have any questions.

Open Road Racers, Sandhills Open Road Challenge is a 55-mile rally style open road race through the scenic Nebraska Sandhills on August 9th - 12th. Arguably the most demanding event of its kind in America, the SORC offers a daunting series of "S" curves, straights, and 90-degree turns to challenge the most talented of drivers. Contact Mike Black at OpenRoadRacing@LoneStarCorvetteClub.com. This is not the only open road race that the group goes to during the year. Please check the web site for other events and times.

Rally, the club does not sponsor rallies at this time but I will tell you about the SCCA group that will be holding the "DFW Map Rally" on Saturday, Aug. 19th. They offer the popular GTA (Games, Tours, Adventures) rally, often known as the "gimmick rally". Speed is not a factor on these events. Watch (<http://www.texasscca.org/rallytime>) for more information on this event and I will post on the bottom of our rally page when I have more information.

HPDE, talk to Mike Krieger. This is NOT RACING. You drive at your own pace; instructors will not force you into an uncomfortable situation. This is performance driving education that will help you in your everyday driving and/or the next spirited drive you take.

For event registration, Apex Driving Academy will now be utilizing the online registration system provided by MotorsportReg. We will, at least for the time being, continue to allow drivers to maintain their driver profile on our web site. However, payment and registration for events will be processed through our partners at MotorsportReg.com. June 24 is on the 1.7 mile CW track.

The Driver's Edge will be at Motorsport Ranch in Cresson on July 8-9. Registration is open. Register at www.thedriversedge.net these fill up fast. This should be another top item to place on your bucket list!

For Women ONLY Performance Driving School

Special Event for the special women in your life

Designed to build CONFIDENCE in her driving

Held at Motorsport Ranch Cresson on July 15 & 16

This event will be a little different from our normal events that you have come to know and love. This one is especially designed for Women Only who will enjoy a relaxed learning environment while developing driver-awareness, car-control skills and wisdom with speed. Making this a fun experience, while gaining confidence and skills in their driving ability, all free from the testosterone factor usually at the track.

Event fee \$375 per driver

Finally, we need YOU to help us round of the rest of the 2017 events calendar. We are seeking event coordinators for a range of upcoming events. Whether you are interested in car shows, cruises, social gathering, tours, or any other type of outing, there is bound to be something for you on our list. Check out the Recreational Events page on the club website for information on how to get involved with event coordination. And, don't worry if you have not coordinated an event before. Rest assured, we are here to help!

NCM Motorsports Park HPDE Track Day June 5th & 6th

The National Corvette Museum embarked on one of the most exciting and significant expansion projects in the nearly 20-year history of the Museum when, on June 28, 2013, it broke ground on a 184 acre Motorsports Park. The \$20 million, dual-track attraction provides motorsports enthusiasts with a new favorite destination. The two circuits, "East" and "West" can be combined into multiple configurations ranging from a high speed loop of 1.96 miles to an extended 3.15 mile technical course. The teams at Corvette Racing and Pratt and Miller advised the Museum on the layout, incorporating features from their most challenging track, the Le Mans circuit. The facility welcomes all makes and models of vehicles, including motorcycles.

LSCC was instrumental in donating land during the construction of the NCM Motorsports Park and earned several private track days in the process. So, we will be traveling to Bowling Green to "cash-in" on two of those days. We will have the entire park to ourselves. Repeat - We will have the entire park to ourselves! Imagine traveling to Disney World and having free run of the Park. It's kind of like that, but only better.

These track days were provided by the generous donations from the Lones Star Corvette Club and from individual donars within the Club. Below is a list of contributors as listed in the July 2014 LSCCW Newsletter.

Donors are listed in chronological order of their first \$100 donation. Some contributed more than once, but are listed only once.

27th Annual
Eureka Springs Corvette Weekend

Phil and Kristina Davies

October 5 – 8, 2016

Kristina and I have been LSCC members for nearly 10 years and I think this will be our 8th year attending this event.. so we obviously have enjoyed it, as have many others who've been going much longer than we have! If you have never been on a LSCC caravan, I would like to reach out and invite you to a super fun trip this October. After all, who does not like to drive the best car made, on some of the most beautiful roads in America, enjoying friends during a nice meal while sharing in a well-run, activity-filled weekend with other Corvette enthusiasts. If this has a spark of interest, well, all you need to do is sign up on the LSCC website and save the date. We will communicate the trip details down the line via email.

As usual, we will have two departure dates. The shortest, most direct route leaves on Thursday, October 5th, and is mostly on divided highways and typically includes the scenic Pig Trail Byway through the Boston Mountains.

For those who have an extra day and want to experience some additional beauty, curvy roads and desire a little culture, we will leave on Wednesday, October 4th. This caravan will gather and leave from the Oklahoma Welcome Center and head to Broken Bow where we will stop for lunch. After lunch, we will head north thru Ouachita National Forest to our hotel in Rogers, AR. After a restful night, we will head to Bentonville to visit the Walmart Museum and Crystal Bridges Museum of American Art. A sit down lunch is being planned at the Eleven Restaurant in the Crystal Bridges Museum. After lunch, we are looking into two private museum tours: the "Collection Highlights" and the "Temporary Exhibition" (Chihuly: In the Forest). <http://crystalbridges.org>. From there we will head to our hotel in Eureka Springs.

If this will be your first trip to Eureka Springs, there are lot of things to check out in the well-preserved town of Eureka Springs set in the Ozark Mountains of northwest Arkansas. A trolley is available from most hotels to take you off for wonderful day of shopping and investigating all the historical gems of this idyllic town. A short drive out of town will take you to Thorncrown Chapel or the suspended bridge.

If shopping and eating is not your thing, then let's check out the fuel economy run. The fuel economy run is on Saturday morning navigates about 80 miles of scenic country roads; you compete with others in your class for the best fuel economy. You say you do not want to compete. No problem, follow the route instructions and enjoy the sights, sounds and the smells of the countryside. All the hotel info is now on the LSCC website. So what are you waiting for...let's save the wave.

TCA/Boerne Weekend Trip

John Raiden

Friday morning, April 21st, 17 LSCC members met west of Weatherford before caravanning to Boerne for the 25th Annual Texas Corvette Association Open Car Show. We traveled in four groups led by John & Rebecca Raiden, Phil Key, Rick & Virginia Herrick and John & Suzanna Main. We enjoyed a nice ride through the country down Hwy 16 with a lunch stop at Cooper's BBQ in Llano before reaching Boerne. The wildflowers were in full bloom, although we were a bit late for the Bluebonnets. In addition to the caravan group there were 7 other members who made their own way to Boerne and met us there for the show. We were very pleased to have 5 new members with us on their 1st LSCC trip.

TCA hosted their annual Meet & Greet this year at the Cibola Nature Center in a very nice wooded environment. LSCC was well represented and we could pick up our show registration packets. We were able to meet and talk to many of the TCA members to rekindle old friendships and make new ones. We heard from many that the TCA group would be well represented at our Classic in May with up to 31 cars.

Saturday was cloudy, cool and windy but no rain so there was a good turnout, not only cars in the show, but many people walking around looking at all those on display. Norma Hart hosted a Ladies Lunch at the Cypress Grill that was enjoyed by all that attended. LSCC was well represented in the winner's circle as noted below. Danny Allen, a new member, on his 1st LSCC trip, came away with the Best In Class award for the C6 GS Class. Congratulations to all the LSCC winners! Following the awards presentation many of our group headed out on a dinner cruise to Fredericksburg led by Ray & Denice Kaspar.

A special thank you goes out to Norma Hart for organizing and hosting the Ladies Lunch and to Ray & Denice Kaspar for their hosting of another fun post-car show dinner trip.

Whether you were an "Old Boerne Tripper" or a "Newbie" it doesn't matter as the TCA/Boerne trip is always fun. It has become a very popular LSCC trip with a nice drive down Hwy 16, beautiful wildflowers, the car show setting, and good people who make the trip special. Good Friends, Great Cars. Mark your calendar for April 21, 2018 for the 26th Annual TCA Open Car Show.

1992 Corvette Convertible - This award-winning car (as depicted with 40+ plaques on the wall behind it) is an eye popper whether in a show or on the road! The original LT1 motor (350 CI, 300 HP) has just 33,826 pampered miles on it. The car has a 4-speed automatic transmission, 4-wheel disc brakes, *very cold* air conditioning, Delco-Bose sound system, black leather bucket seats, and tinted power windows. The exterior is very desirable Bright Aqua Metallic paint, with the original black convertible top. Nitto tires have less than 1,000 miles on them. The engine is show car immaculate. Always garage kept, this car has been meticulously maintained! Receipts available upon request. Own your very own classic show car and road beauty today. As a bonus, a one-of-a-kind personalized car tag Corvette talk for "92C4LT1" purchased in March, 2017, a \$500 value, is included. These tags have a registration until the year 2022.

Asking: \$17,500.00.
